Home Banking

Online Internet Banking is available to all members of the Crouse Federal Credit Union. By using this service a member can view balances, transfer funds between accounts, and see transaction history. Members can also receive account statements electronically. This means that you can receive your statement promptly at the end of the statement period. This feature will also help defer the cost of statement preparation and postage allowing the Credit Union to pass these savings on to its members in the form of low fees and good rates. At your convenience you can view your transactions and in the case of your checking account, verify your cleared checks on a daily basis.

Members please note: Transactions made on the Home Banking site will be posted within 24hours during a normal business day.

It is suggested that you take that into consideration when using other electronic services such as ATM or Debit Cards. If you need a transaction immediately posted, please contact a Credit Union Representative during normal business hours.

You must be signed up and entered in the database to use this free service. If you would like to participate in this service please print the form at the bottom of this page, fill it out, and return it to the Credit Union office. You must be the primary owner of the account and a current member in good standing of the Crouse Federal Credit Union. All fields are required. (Two forms of ID required for all new services)

When you return the form to the credit union, you will be given instructions on setting up your account number and password.

After entering the Home Banking module you may change your password at any time.

I would like to participate in the Crouse Federal Credit Union Home Banking Program:

Account #(s) _____ E-mail Address _____

Name (Please print) _____

Street Address _____
