BOSTON is a thriving metropolis and the capital of the state of Massachusetts, but it has admirably retained its historical landmarks. A 3-mile long path that is embedded in red brick in the pavement. Starting at the visitor center at the Boston Common, the red line leads past the State House, through a number of churches and burial grounds, past the Old State House, over to Faneuil Hall, past the house of Paul Revere and the Old North Church, and finally over the river to Bunker Hill and the U.S.S. Constitution. See a memorable view of Boston from the Top of the Hub, beauty you will find nowhere else.
